

You have to connect pairs of images which correspond to words of form "X" and "XX":

Bon (cape in Arfica) and bonbon (candy)

Can (container) and cancan (dance)

Chow (dish) and chowchow (dog breed)

New York (state) and New York, New York (city)

Pom (juice) and pompom (decorative tuft)

Tar (substance) and tartar (sauce)

Tin (element) and Tintin (comics character)

Once you draw the lines, the letters that haven't been crossed out spell EXTINCT BIRD.

ANSWER: DODO
